### **Getting To Know The Private Charters:**

We are pleased to offer a wide range of experiences and boat selection for your enjoyment, but first, some explanation regarding the basic options...

The **hotels** in Punta Cana are on the Atlantic Ocean Coast of the Dominican Republic. We offer tours on this side (shorter transfer time) but the seas are rougher here and the snorkelling is *much* better on the other side; the Caribbean Sea Side. Transfers across to the caribbean side take roughly 50 Minutes by air-conditioned bus from most hotels and villas.

**Saona Island** and **Starfish Cay** are on the Caribbean Sea and are the "must see" destinations for your day of fun on the water. Any of the options listed below will provide you with a unique venue with the privacy, personalisation and experience that you cannot get a hotel.

We offer a small sail trimaran on the Atlantic side for those who really do not want to cross to the caribbean side but it is not a luxurious boat by any means.

**That being said here are some basic options for you. We can customise any experience to whatever your preferences are. Here are the steps:**

**VIP Private Samana Waterfall(s) Experience Via Air:**

Board a 40 minute domestic flight here in Punta Cana flying over the mountains (spectacular views) all the way to Samana. This is a moderate sized propeller plane, typical of small capacity low flying craft (Cessna Caravan or Similar). Once there, you'll board an open-air truck and get whisked away through the mountains. You will stop and visit a typical traditional Dominican house, learn about Dominican culture, explore coffee plantations and even discover the ins-and-outs of local sugar production. Afterward, you will have lunch and make your way to the ranch. From there you will ride a horse for about 20 minutes, venturing into the falls. The falls are in a protected National Park and ONLY accessible via horse (no motorised vehicles permitted). There you have one hour of free time to swim and take photos. Then, you'll return to the ranch where you'll be taken down to the ocean. You'll board a boat that takes you to **Bacardi Island** for a swim. Once finished, you'll return to the airport and come on back home to Punta Cana.

This is full day with flights, safari, lunch, open bar during the tour (lunch does not have open bar), entrance to the National Park and transfers to and from your hotel. It is a FANTASTIC experience. Unlike the diving and private boat charters, we normally do not personally accompany you on this tour, however your guide is amongst the best in the industry and you are sure to love your day.

- The whale Watching part of this tour only applies from mid January to mid March as the whales only come to birth and leave once their calves are strong enough for the swim home.
- Private charter tours will vary in price based on size of group. Please inquire.

**VIP Private Horseback Riding Along The White Sand Beaches At Sunset:**

The horseback adventures are 2 hours long and take you through the Caribbean Jungle and out to the beach where you will travel along the shore as the sun begins to set.

- Private transfers to and from the ranch are included.
- Maximum group size is 16 riders.
- Cost is \$120 US per rider with a minimum of 4 riders required. Smaller groups allowed at higher cost and age restrictions do apply.
